A natural history series from Candlewick Press that merges compelling stories with fascinating facts to reveal how big and WONDER-FULL the natural world really is!

Invite your students to READ AND WONDER

Combining Science and Story

Each paperback $6.99

Includes the Text Exemplar title Bat Loves the Night

- Merge compelling stories with informational text
- Align to Common Core State Standards
- Leveled for Guided Reading
- Include indexes for easy reference
READ AND WONDER BOOKS tell stories that take children on adventures while feeding their curiosity with intriguing facts about the subject at hand. Covering subjects as diverse as the life cycle of frogs, the night habits of bats, the endearing qualities of farmyard pigs, and the thrilling undersea world of sharks, these titles fit seamlessly into the elementary curriculum.

COMMON CORE
Bat Loves the Night is cited as a CCSS Text Exemplar for informational text grades 2–3. All of the titles in the Read and Wonder series follow the same format—combining story with elements of nonfiction—meeting CCSS standards for reading and understanding both literature and informational text.
