

Night Job

Karen Hesse

illustrated by G. Brian Karas

When the sun sets, Dad's job as a school custodian is just beginning. What is it like to work on a Friday night while the rest of the city is asleep?

Use *Night Job* in your classroom to talk about different occupations, nighttime and daytime jobs, and having respect for hard work.

Night Job

- Talk about the different words the author uses for light and dark, and have students look closely at how light and dark are depicted in the illustrations.
- What are some other jobs that get done at night? Make a list and discuss why these jobs need to be done overnight.
- National Custodial Workers Recognition Day is October 2. Have your students write notes of appreciation for your school custodians and leave them a nice surprise to find when they clean your room!
